EXPLORE AND DISCOVER!

LEARN FROM ASTRONAUTS AND OTHER EXPERTS!

JUNE 25TH AND 26TH

HIGHER ORBITS GO FOR LAUNCH!
Rhode Island

COMPETE TO HAVE YOUR EXPERIMENT FLOWN TO THE INTERNATIONAL SPACE STATION!

TECH COLLECTIVE
LOCATED AT THE RISING SUN MILLS BUILDING 3
188 VALLEY STREET | PROVIDENCE, RI 02909
8:00AM-6:00PM EACH DAY
OPEN TO STUDENTS GRADES 9-12 FROM ANYWHERE!
INCLUDES LUNCH, SNACKS, DRINKS, SUPPLIES, T-SHIRT, EVENT MISSION PATCH, SPACE SWAG BAG AND MORE!
WHAT IS IT?
A program that uses Space Exploration as a platform to launch student involvement in:
- STEAM (Science, Technology, Engineering, Art & Math)
- Teamwork
- Communication
- Leadership

ARE THERE HANDS ON ACTIVITIES?
Student teams will work together on collaborative activities before or after nearly every talk to earn daily awards. Each team will work together to define and design their own space experiment & present their ideas to a panel of judges from the Space & STEM fields. The judges will choose a winner from each Go For Launch! event. The experiment will go on to compete against other projects from the same division and the winning experiment will be launched into space!

WHY SHOULD I ATTEND?
Go For Launch! is a unique and memorable experience. Space inspires! The Go For Launch! experience gives students experience and skills that can lead to success in any venture that requires imagination, leadership, teamwork, and problem solving skills.

WHAT CAN I EXPECT?
Learn about human spaceflight directly from experts in the fields of space & STEM including:
- An Astronaut and Astronaut Instructor
- International Space Station Flight Controller
- Scientists and Engineers
Get personalized insight and feedback from experienced space and STEM professionals whose goals are to illustrate the numerous possibilities that exist in the world of STEM. Work with a real live astronaut for each day of the event.

THE TEAM
Charles Joseph “Charlie” Camarda is an American engineer and a NASA astronaut who flew his first mission into space on board the Space Shuttle mission STS-114, NASA’s “Return to Flight” mission following Columbia. He served as Senior Advisor for Engineering Development at NASA Langley Research Center.

Michelle spent 10 years working at NASA primarily in International Space Station (ISS) Flight Control Operations Planning and as an Astronaut Instructor in the Daily Operations Group. Her passion for inspiring students led to extensive work with other organizations in STEM outreach. She then decided to form Higher Orbits to continue to work to inspire students about the wonders of STEM through spaceflight.
